

How will agriculture and food production look like in 2027?

Let's time travel first

THE FOLLOWING PREVIEW HAS BEEN APPROVED FOR

What's just happened here?

DISRUPTION

A close-up shot of a middle-aged man with a receding hairline, wearing a grey suit, a light-colored shirt, and a patterned tie. He is looking off-camera to the right with a serious expression. The background is dark and out of focus, showing what appears to be an indoor setting with some framed pictures on the wall.

Hey, people still gotta eat, right?

...COUNTER This is better.

You don't build an empire off a 1.4% cut
of a \$0.15 hamburger.

If you want home quality cooking
without the home work, try McDonald's.

Business is war.

Today, McDonald's is one of the largest real estate holders in the world.

Every day, it feeds 1% of the world's population.

Thank you!
(and enjoy your lunch)
