

POLICY CHOICES FOR A DIGITAL AGE

frnds.eu/digital-choices

EDUCATION

Prioritise ongoing digital education

REGULATION

Design regulation to be adaptive to digital advances

INVESTMENT

Devise and promote effective and collaborative models of investment in entrepreneurship

CITIZENS

Consider the citizen, not just the consumer

ECONOMIC MODELS

Rethink the economic models that inform policy choices

GOVERNANCE

Ensure that international and regional governance structures are fit for the digital age

EQUALITY

Let the 4th Industrial Revolution be a revolution for inclusion

SOCIAL PLANNING

Plan now for the long-term social implications of the 4th Industrial Revolution
